

Enterprise Supercenter Showroom Presents:

# Metal Model Pricing Map

Proud dealer of Safeguard Metal Buildings

V10.2022

**When you visit the Enterprise Supercenter lot, use this page as a MAP!**

**This page guides you through the maze of metal buildings positioned around the sales office. Match the title of each box with the metal signs on the model. If you lose your way, use the office as the central point to finding your way around!**

All metal building models are standard 29 gauge galvanized steel skin and 14 gauge galvanized framing. Upgraded gauges are available at additional cost. Cost for upgrades are determined at the time of sale or individual cost. Please see our sales staff in the office for more information!

**Barndominiums:** If you are in the market for a large barndominium shell, we require the customer to supply a floorplan for the metal building quote.

**Colors:** Metal color swatches are available to view in the office! Color options are not limited to the color on the building. There are 13 different color options to choose from.

Pricing listed is subject to change due to material costs, price adjustments, alterations to original design, market increase, or by manufacturer. As a dealer of metal buildings, Enterprise Supercenter is subject to price changes and is required to sell the building for the cost at the time of sale. We are bound by the terms, conditions, and warranty information as indicated by the building manufacturer.
